

Oznámení o změně metodiky zařazování nehrazených léčivých přípravků do číselníku Hromadně vyráběných léčivých přípravků Všeobecné zdravotní pojišťovny ČR

Všeobecná zdravotní pojišťovna mění s účinností od 1.1.2013 metodiku zařazování a zveřejňování nehrazených LP v číselníku HVLP. Od ledna 2013 jsou do číselníku vždy zařazovány léčivé přípravky z posledního zveřejněného

Seznamu léčiv nehrazených ze zdravotního pojištění, který na svých webových stránkách publikuje Státní ústav pro kontrolu léčiv (<http://www.sukl.cz/sukl/seznam-leciv-nehrazenych-ze-zdravotniho-pojisteni>). Do tohoto seznamu jsou zařazeny pouze přípravky s aktivním výskytem na trhu v posledním kalendářním čtvrtletí.

Do číselníku HVLP k 1.1.2013 již VZP nezařazuje přípravky, které nejsou uvedeny v Seznamu léčiv nehrazených ze zdravotního pojištění Státního ústavu pro kontrolu léčiv.

Ceny uvedené u nehrazených LP v číselníku Hromadně vyráběných léčivých přípravků jsou pouze orientační.
